Recommendation about the Withdrawal of Professional Preparation Program

Biola University has submitted a letter to the Commission giving notification that they wish to discontinue the Multiple and Single Subject Intern Program, effective immediately. Due to the small number of students enrolling in Biola's Intern Program and the inability of the university to receive state funding for the program, it is not considered to be a financially viable opportunity.

Staff recommends that the Multiple and Single Subject Intern Program at Biola University be withdrawn, effective at their request, June 18, 2008.
